Answer Key 答案

Q	Ans	Why
1	B	History = studying the past and how it has changed over time.
2	C	Anne Frank's diary was written by an eyewitness/participant at the time → primary.
3	A	A photo taken at the time of the event is a primary source.
4	B	Written long after the event by someone who did not witness it → secondary.
5	B	Reliability = the quality of being trustworthy.
6	A	Bias = one-sided or unfair.
7	A	A witness who was there is closer to the event and more reliable.
8	B	Historians ask: Who made this? When? Why? Who was it made for?
9	B	Chronology = events/dates in the order of their occurrence.
10	C	BC counts backwards — the 10th century BC is earlier than the 4th century BC.
11	B	$551 \div 100 = 5.51$, round up → 6th century BC.
12	B	$476 \div 100 + 1 = 5.76$ → 5th century AD.
13	B	BC goes on the left, counting down to 1 BC; AD on the right.
14	A	No year 0 exists; 1 AD follows 1 BC directly.
15	B	Squares/rectangles = males; circles/ovals = females.
16	C	A horizontal (double) line between two people shows marriage.
17	C	Four levels: John/Mary → Linda/Tom → Anna/Peter → David/Sophie.
18	B	Sophie's parents are Anna & Peter; Anna's parents are Linda & Tom → Linda is the grandmother.
19	C	551 BC is the earliest date on the timeline (BC: bigger number = earlier).
20	C	"Why was it created?" is the Why question; purpose reveals possible bias, which affects reliability.

Note: the teacher has not published the real quiz's question count or time limit — this paper follows Ms Li's question style from the Unit 1.1–1.5 slides and worksheets (20 questions, suggested 30 minutes).
